## Beverley Today

Beverley has featured in The Sunday Times list of the ten most desirable locations to live in Yorkshire and the North East. An accolade first picked up in the 14th century when it was in the top 10 most important towns in England and was extremely important for its brick, tile, leather and cloth industry.

Beverley continues to improve as a highly desirable, interesting town to visit and the old is being incorporated into the new: the old picture playhouse is now an impressive department store. The Friary is home to a youth hostel, a 100 year old disused chapel was converted and is now home to East Riding Theatre. An 18C building on Becksides that closed as The Travellers Rest Ale House in 1925 recently came back

to life as a coffee shop and deli, and a brand new leisure/retail development is situated on the site of what once was Hodgson's Tannery.

## Beverley Filming

**Beverley Minster** - doubled for scenes in the ITV Drama Victoria. The church, which is thought to offer the best resemblance to Westminster Abbey, was used for the filming of coronation scenes. BBC One drama series Gunpowder was also filmed on location at Beverley Minster in 2017.

**East Riding Theatre** - doubled as the drill hall and Captain Mainwaring's office in the 2016 Dad's Army movie.

**The Guildhall** - provided the location for a courtroom in Death Comes to Pemberley, a P D James novel, filmed in 2013.
